

Ski Facilities at Bear Mt. To Operate Again this Winter

Through the efforts of Nelson A. Miles, The Grayling Winter Sports Association, Inc. has been granted permission to operate the ski facility at Bear Mountain for the 1975-76 season. Operation will be very similar to last year.

This year we will not have to ask for donations to start up, as we did last year. For this we thank our supporters, individuals, businesses, local government units and our school system. We still need your support and hope to obtain this through the sale of memberships. Rates have been increased, but we feel they are still reasonable for the hours of pleasure afforded.

Family membership\$125.00
Student membership\$ 50.00
Tow fee, per day, students\$ 2.50
Tow fee, for evening skiing, students\$ 1.25
Tow fee, per day, adults\$ 3.50
Tow fee, for evening skiing, adults\$ 1.75
Above rates apply to taxpayers, or residents, in Crawford County. Rates are double for non-residents, non-taxpayers.

The rope tows will be running and the T-bar is being overhauled and made operable. This should make for a much more enjoyable season. Joe Stripe will oversee the operation, as he has done the past season. Our records will be open to the public.

It would be of help to us if memberships were purchased now. Please make checks payable to: Grayling Winter Sports Association, Inc., P.O. Box 361, Grayling, Mi. 49738.

The officers for Grayling Winter Sports Association, Inc. this year will be: Paul J. Thomson, Fraser M. Dean, Bernard J. Fowler, Derek E. McEvers and Joseph H. Stripe.

Michigan State University To Host Campground Meeting Here

by Willard Bosserman, County Extension Director
The Michigan State University Cooperative Extension Service will host a meeting for campground owners Wednesday, October 1 at the Chief Shoppenagons Motor Hotel in Grayling. It is open to those interested in campgrounds and to the general public.

The Michigan Association of Private Campground Owners will host a morning session beginning at 9:15 a.m. A business meeting for members and a discussion of campground problems, which is open to non-member owners, will be conducted in the forenoon.

For the afternoon session, beginning at 1:15 p.m., a panel of area campground owners will report on the activities of the 1975 camping season. Dr. Eugene F. Dice, Extension Specialist, Michigan State University will report on campground attendance data in the different regions of the state during the 1975 camping season. He will also present a discussion of the problems of growth in the campground industry in Michigan. The meeting will conclude at 3:15 p.m.

The data being assembled by Dr. Dice indicates serious management problems are ahead resulting both from the tremendous growth in the number of campgrounds built in the past three years and the problem of travel fuel costs and shortages. The campground industry has grown so large, when considering both government owned and privately owned facilities, that it's difficult for individual campgrounds to attract enough customers to provide a decent income. Dice expects that "a period of high competition will follow in which numerous campgrounds may go out of business. This always results when the number of producers increases faster than the number of customers." The meeting will help campground owners to "gear up" for the competitive years.

1975 Graduate Follow-Up Survey

The Grayling High School is conducting a survey of 1975 secondary graduates. The purpose of the survey is to find out what their graduates are doing and how well they feel school programs have served their needs.

The information obtained from the survey will be used in planning better school programs.

Survey forms will be mailed out to graduates September 26th. The completed surveys should be returned by October 15th.

Charlevoix Here Friday

Vikes Over Devils, 12-0

The Grayling Vikings won the battle of the winless last Friday at Gaylord when they handed the Blue Devils a 12-0 shutout in their first Michigan - Huron Shores Conference contest.

The Vikes will be home for their next two league games when they will entertain the undefeated and pre-season favorite Charlevoix Rayders on Friday, Sept. 26th, with the St. Ignace Saints coming to town on Saturday, Oct. 4th, for Grayling's Homecoming with the contest to start at 1:30 in the afternoon.

An alert Viking defense jumped on 4 Gaylord fumbles, and allowed the Blue Devils only 16

yards on the ground to post their first win of the year. The host club got across midfield only once when a Viking fumble was lost on the 40 yard line.

Don Vollmer, Larry Baynham, Scott Coe, Bob Mahaney and Ray Weatherly formed a defensive line that Gaylord's backs could neither run through or around.

Coach Mike Wieland stated, "it was a great defensive effort and the best line play we have had all year." "It really helped to have all our linemen healthy again," he added.

The Vikings scored both touchdowns in a 1 1/2 - minute span in the second quarter.

Adult Foster Home Opened

Hatt's Adult Foster Home at 808 Chestnut St. has now opened. The former Calvary Baptist Church building has been completely remodeled and is licensed to accommodate six adults over 65 years of age. Residents must be ambulatory. This will serve as a home for senior citizens who no longer wish to have the responsibility of caring for a home, preparing their own meals, etc. but are still well enough not to be hospitalized. Local residents have first chance at the available space with out of county residents given an opportunity to utilize any space not used by local people.

Mr. and Mrs. Dale Hatt reside in the home with June operating the business. They are the former owners of Hatt's Motel and have been residents of Grayling for 17 years. Both are members of Michelson Memorial United Methodist Church. She is also a member of the Grayling Woman's Club.

An open house for the new facility will be held on Sunday, October 5, from two to five o'clock in the afternoon. Everyone is invited to come and see this latest addition to our community.

Alumni News

Due to a smaller number of participants than expected, we have had to change our plans. Rather than have an Alumni Band this year, we are going to ask that you plan to sit with other Alumni Band Members and Mr. Leroy Christian and his family in a special section of the bleachers during the Homecoming football game. This will give you an opportunity to visit with Mr. Christian and other former band members.

A presentation will be made to Mr. Christian by the G.H.S. Alumni Committee during the half-time ceremonies. So please plan on being in attendance and spending the time with other former band members. I am sure Mr. Christian and his family will appreciate very much seeing some of our faces once again.

Perhaps, next year we will be able to have a larger number of participants.

AuSable Council Supports River Bill

by Willard Bosserman
County Extension Director

The AuSable River Watershed Study Council gave support to House Bill 5495 at their meeting Tuesday night, September 16. The watershed study council joins the Michigan Department of Natural Resources and Recreational canoeing association in support of the bill.

organization.

The bill will amend section two (2) of act number 303, the marine safety act. It will provide for licensing of boat liveries including canoe liveries.

The Department of Natural Resources must obtain approval of the county board of commissioners before giving licenses for new liveries or for expansion of established liveries.

Ostling also touched on house bill number 4618, the wetlands bill which would regulate the use of wetlands in the state. He expressed his opposition to putting such strict controls on privately owned land.

Petitions Available For 3 Council Vacancies

City Manager Jerry Morford announced this week that petitions are now available at the city office for anyone wishing to run for the city council.

There will be three vacancies for voters to decide on in the November 4th election.

The four year terms of Mayor Derek McEvers, and Councilmen Robert Golinick and Leo Palmer will expire on November 10th.

Mayor McEvers has already turned in his petition and will seek re-election. Interested persons have until 12 o'clock noon, October 11th, to file their petitions with the city clerk at 103 James St. Petitions must be signed personally by no less than 20 nor no more than 40 registered voters of the city.

It should be noted that the Crawford-AuSable School District will be holding a bonding election to build a new Frederic Elementary School also on November 4th.

City of Grayling voters will have to cast their ballot at two separate sites. The school election will be held at the middle school gym, while the city councilmen election will be held at the city hall.

The city registration notice appears on page 10 of this issue. The school's notice will appear in next week's Avalanche.

Steele Attends Rail Conference

After attending a conference on Michigan's railroads needs, Chamber of Commerce Manager, Mike Steele expressed optimism regarding continued rail service to Grayling. "We have received encouraging support from our state and federal legislatures. They have reassured us that Michigan's troubled railroads will not be totally abandoned and every effort will be made to save as much viable trackage as possible."

Grayling's trackage, owned by the bankrupt Penn Central Railroad, is not recommended for inclusion in the Federal ConRail system. Steele reports that this leaves a couple options open, "The United States Rail Association has encouraged the sale of the line to D & M Railroad, a solvent carrier, and if this does not occur, has recommended subsidization of the line by the state and federal government."

"In any event, it appears that rail service so critical to Grayling's continued growth will be retained." The rail line runs from Mackinaw City to Bay City.

Bear Employees Tell Their Story in New Catalog

Phyllis Blindschotel

Ray Pease

The most important element in the past success of Bear Archery in attaining its position of prominence in the Archery industry has always been the people who work there. Many of them are telling their story by way of highlighting the copy for the new catalog.

Bonnie Kucharek works in inspection on the first shift and is one of 57 husband and wife teams that work at the Archery. Her husband Ed works in the Bow Department. Bonnie is featured on page 16 of the new catalog talking about the Bear 76er Deluxe target bow.

Phyllis Blindschotel actually paints the creasing (or stripes) on each of Bear's finest arrows by hand. This always surprises visitors to the Bear Archery plant according to Bear spokesmen but is indicative of the care and workmanship that goes into all Bear products. It also helps explain why Bear Archery is No. 1 in the Archery Industry and why Archery has been ranked with Tennis for the past two years by the National Sporting Goods Association as America's Fastest Growing Sports. Phyllis appears on page 31 of the catalog.

Gloria Stephan is featured twice in the catalog, once at work in the Bow Department on page 26 and also at home making one of the routed signs that have become so very popular in this area. Gloria talks about the Victor Patriot target bow and as a member of the Grayling Archery Club is well qualified to do so. Gloria's husband Pete, is our Chief of Police.

Without its Maintenance Staff no factory can run for very long. And Ray Pease represents this group in the catalog on page 12, talking about the Black Bear bow. Ray was in the sporting goods business down below before coming to Grayling and currently runs R & H Sports here in town as a side-line. He is well qualified to promote Bear products and plays a very important part in the day-to-day operations of the plant.

"The new Bear Catalog is in its final stages of production", according to Robert F. Kelly, Executive Vice President of Bear Archery, "and copies will be available in a month or so for both our employees and townspeople. We are proud of our people and believe that they have played an important role in not only helping Bear Archery to grow since Fred moved the plant here from Detroit in 1947 but also in helping the economic situation in the surrounding area as well as in the many outside community activities in which our employees are active. By featuring not only our employees in our 1976 Catalog but also the many fine activities and facilities in the Grayling Area we hope that this will help our local businesses grow in the years ahead. Our catalog is distributed around the world and we hope that this coverage will stimulate tourism to our area as well as tell the Bear Archery story."

GRAYLING, MICHIGAN — THURSDAY, SEPTEMBER 25, 1975

From Our Corner

Welcome back to the interesting world of your country editor...

And it has been most interesting since last week's edition.

We never realized that one sentence in a column that appeared in the issue could cause the response from so many of our readers through talking to them and our mailbox.

As the editor, we accept the blame for not deleting it — and we assure those who were kind enough to bring it to our attention — it will not happen again.

For those who may possibly not know — a newspaper, like other news media — survives on their advertising messages they carry to the public they serve.

The front page of the Avalanche, and many columns throughout the pages, are devoted to news that we feel is most important to our readers.

In our eight years as the editor and publisher we have strived with but one thing in mind — to promote Crawford County — we have cared less for the happenings elsewhere, only because we know our readers are aware of national and state happenings through the metropolitan papers and television.

There are many editions where we have to withhold a story or pictures due to space, when we feel they are not timely, but will carry them in a later issue.

We hope this will satisfy our critics that say how come my article wasn't in the paper and you printed that other trash.

Now for the brighter side of our world.

We were happy to learn yesterday that through the efforts of Nelson Miles, permission has been granted to the Winter Sports Association, Inc. to operate skiing at Bear Mountain like it was handled last winter.

Our daughter Toni and the bigger boss T. J. spent last Thursday evening with us to celebrate the birthday of the big boss, and we promised we wouldn't mention how many it was past one — half.

Every cloud has a silver lining — ours had two last week.

Dear Whitey,
I have sent the following letter to the Columbia Broadcasting System (CBS-TV), Senator Phillip Hart, Senator Robert Griffin, Congressman Ruppe, and the Complaint Division, Federal Communications Commission. I would encourage other citizens to do likewise. We cannot allow such abuses to continue.
Thank you.

Dear Sirs,
To say I was appalled by the CBS-TV program "The Guns of Autumn" aired September 5th would be an understatement. Doubtless you have and will receive similar letters. What could have been an informative program showing the pro's and con's of hunting, failed miserably. Such disregard for objectivity gives responsible journalists a black eye, and is a disservice to the general public.

CBS did a great job promoting a totally inaccurate stereotype of hunters. I thought such biased mentality was a thing of the past. When will CBS air a program showing all Irishmen as drunks?

I feel in this case rights regarding freedom of the press have been abused. As much as I hate bureaucratic regulation, if such abuse continues, such action may become necessary. Thank you for your time.

Sincerely,
Michael C. Steele

The Bible Speaks

From Calvary Baptist Church

Plans For Antichrist

Since Satan does not know when Christ will rapture the true church, it has been necessary for him to be prepared in every generation for his seven year reign during the tribulation. Satan has always had men and organizations groomed for his program. Satan has in this generation a man prepared for the antichrist. He also has a religious, political and economic structure shaped into which his program will effectively operate.

In light of these facts let us examine what Satan will probably do if the true church is raptured in our generation. Satan already has an organization structure for the false one world church in the World and National Councils of Churches. The persons and program of the false church of antichrist will be supported by powerful signs and miracles of Satan. "Even him, (Antichrist) whose coming is after the working of Satan with all power and signs and lying wonders." 2 Thessalonians 2:9. Jesus said, "For false Christs and false prophets shall rise, and shall show signs and wonders, to seduce, if it were possible, even the elect." Mark 13:22. We believe there are many Christians today who have been deceived and seduced by Satan to help him build the super structure for the false church.

In light of the powerful signs and lying wonders of Satan which will deceive the world during the forming of the false church, and in light of the fact that the spirit of iniquity already works before the reign of antichrist begins, we can be reasonably certain that a false charismatic movement will be established by Satan prior to the reign of antichrist. This movement will mimic the work of the Holy Spirit at Pentecost. Just as God used, "signs and wonders, and gifts of the Holy Ghost, according to his own will," to attest the genuine Christ, His apostles and His word, even so Satan will also attest the antichrist and false church organization or program with the same types of charismatic witness.

As the day of antichrist

approaches we need to be more and more cautious about the ecumenical spirit of antichrist especially where the doctrines of the Bible are played down or ignored for the glamour of emotional experiences and feelings. People who shun the Bible as a dry, difficult labor, while seeking the thrill and excitement of charismatic manifestations are unknowingly opening their lives to the plans of antichrist. (adv.)

Theater Group Plans Try-outs

Tryouts for the upcoming River Country Players Production "Prisoner on 2nd Avenue", will be held Monday and Tuesday, September 29th and 30th at 7:30 p.m. in the Joseph Stripe Auditorium at Grayling High School.

There are parts for 2 men and 4 women in this very funny play which stars Jack Lemmon in the movie version.

Bev. Morley and Bob Howie will be co-producers of the play with Wendal Hoover and Ernie Dawson as set designers.

The group is still seeking a director as well as several committee positions such as, tickets and makeup. Help will also be needed for the Properties Committee as this play involves a good deal of changing of props.

If anyone would like to try-out for a part in the play, or work on a committee please contact Norma Naour, Sec. at 348-8476 or Bev. Morley at 348-9841.

Screening Committee Preparing For MSP Meeting

The screening committee for the Main Street Players, Inc. fall production is busy at work, preparing for their Monday, September 29 meeting with the whole group. At that time, they will present a selection of plays for the group to decide on. Although Dean Darling, Mike Dosch, Craig Dandy and Andrea Schaaf aren't being very talkative, word has it that "Luv", a farce by Murray Scheisgal, "Two For the Seesaw" and "Blithe Spirit" by Noel Coward are three of the possibilities for this fall. There are many more, but the quartet won't let the cat out of the bag.

The public is invited to this meeting, which will be held at 7:00 p.m. in the basement meeting room of the County Building in Roscommon. Refreshments will be served, and new members will be welcomed and introduced. Vice-president Jim Cousineau, who will preside at the meeting, is looking forward to a lively discussion of the plays that will be presented.

That's this Monday, September 29, in the basement meeting room of the County Building in Roscommon at 7:00 p.m. Call 348-2271 for information.

W.O.T.M. News

The first meeting of September was held on Sept. 8 due to Labor Day. The meeting was called to order by Sr. Regent Dorothy Slusser with all officers present.

This was Publicity Chapter night with one new enrollment. Our new member is Mildred E. Roe sponsor was Janice Miller. As her fund raising project, Publicity held a raffle of two dolls. It was very successful.

The Sept. 15 meeting was called to order by Sr. Regent Dorothy Slusser. All officers were present except Loa Overy, Chaplain. Marjorie Kreuzer was enrolled as a new member. Her sponsor was Gladys Fischer.

Everyone was asked to come to the Lodge and Club Room. Lodge 1162 looks nice with a new coat of paint. The following people are the ones whom we give the credit for the work and the food everyone enjoyed: Russell and Bertha Spohn, Jim and Janice Miller and boys, Al and Twila Kuhn and boys, Allen and Pat Lawe and children, Jerry and Betty Long, Ed Engel, Mud and Lillian King, and Bob Barnard. Wilma Sunday and Dorothy Slusser helped with the food.

We are having Ritual practice every Monday at 1:00 p.m. Hope to see a lot more members out to go through Ritual with us. Dorothy Schwitzer Publicity Chairman

Middle School News
Most classes and activities are back in the swing of things here at the Middle School. We have several bright new walls in our old building which makes it a happier place to come, especially on these rainy, dreary days. We also have lots of new faces around our building, both new classmates and new teachers. Welcome to all!
The Home Economics classes have been busy canning vegetables donated by students and parents. We have processed tomatoes and dill pickles and hope to can some applesauce soon. It's fun to learn useful ways to conserve our resources and preserve our food for other seasons. These same classes are also planning other money making activities to raise money so we can buy material to make curtains and tablecloths in hopes to brighten up the Home Ec. Room. We had our first bake sale last week to kick off the fund raising activities.
Our school elections were held last Thursday. Lots of kids were busy getting petitions signed so they could run for a elected office. The candidates were required to give sixty second speeches in front of the Student Body. What an experience, but a useful one!
We held our first school party on Friday, September 12. All the Middle School grades were invited. Pop and popcorn were served and we had the biggest turnout ever for a school party, so it was very successful and lots of fun. We're looking forward to several school parties the remainder of this year.
Homecoming is coming up soon and everyone is busy getting their floats organized. We're all shooting for first place in the float competition, so we've got lots of long hours and hard work ahead of us.
Internurals have started already, and lots of boys and girls are having fun each night after school playing floor hockey, basketball and flag football. We are very thankful for the late bus which allows some of our rural students a chance to participate in extra-curricular activities.
Student Writer, Lisa Weiss

Hunting And Fishing Report

[By "Skip" Madsen]

Fishing's Good—Jim Gillespie of Grayling, above, shows off two Northern Pike he landed from Lake Margrethe Thursday, September 18th.

Fishing for pike, bass and pan fish seems very good on Lake Margrethe. There are few fishermen, however, those that are have been reporting good catches. Trout fishing is always good now for those who don't hunt or fish for salmon.

Plenty of coho and chinook salmon is reported at Frankfort and Platt Bay when the wind lets the off-shore fishermen out. Some are showing up at Traverse Bay. Fishing for Lake Trout is reported good at all points, with much action at Harrisville and Oscoda on the Lake Huron side.

For the hunter, September 15th opened the ruffed grouse season with good success reported by those with dogs. Cover is still very heavy, but most hunters however report fair to good success, as birds are still in coveys.

October 1st opens the archery season for deer, and with plenty around, it should be a successful opener.

"Don't forget — Hunting and Fishing Day — September 27th."

College Night At Roscommon

On October 1st, at Roscommon High School the Roscommon Area Branch of the American Association of University Women will host the COOR Area Seniors and their parents to the 3rd Annual College Night Program. The program will begin at 7 with a brief welcome by the Superintendent of Goshaw Higgins Schools, Hans Lantzsch and some remarks by the principal of Roscommon High School, Edward Harkins.

Following the brief meeting, there will be an opportunity for students and their parents to visit 3 college representatives to discuss particular programs, financial aids, housing, work opportunities or whatever the general concerns are.

22 Colleges and Universities, as well as the U.S. Naval, Military and Coast Guard Academies, Army R.O.T.C., and Butterworth Hospital will be represented.

Refreshments will be served in the cafeteria after the last of three sessions.

The college night program is a joint effort of AAUW and the area High School Principals and Counselors to aid students in making their college selection. Juniors are also invited to attend if they need some early direction on post - secondary selection.

CARD OF THANKS

My sincere thanks to the entire staff at Mercy Hospital for the thoughtful and excellent care that I was given during emergency treatment and subsequent care by Dr. Dosch and Dr. Berkley, as well as, all the nursing staff. Their constant devotion to looking after the welfare of their patients were appreciated.

I also want to thank all of you who sent cards or came to see me. The visits and cards were a great inspiration to me.

Some questions from the media deserve silence

In the whole flap about what Mrs. Gerald R. Ford told the television audience about sex and morality, and about what she revealed in a magazine article about allied subjects, I think the most sense comes from an unlikely source—from a lady whose husband wants to put her in Betty Ford's place, in the White House, and therefore necessarily under the public microscope.

Comments by Helen Jackson, wife of presidential hopeful Sen. Henry Jackson of Washington, seemed to make a lot of sense to me.

Mind you now, I don't intend to enter the fray about Mrs. Ford's morality, or her views about her offspring and society in general.

I'll have to agree, however, that any parent who has raised four kids as Mrs. Ford has accomplished is entitled to the viewpoint that very little they might do would surprise her. I've got three, still growing, and very little surprises me anymore either.

But that's beside the point of this particular essay.

Mrs. Jackson's approach is that she simply would not answer the kind of questions that created controversy when answered by the First Lady.

Helen Jackson thinks the questions about the personal life of the Ford family were "rude and outrageous," and I agree.

"I'd tell them those matters are my personal affairs and go on to the next question," Mrs. Jackson commented.

"Can you imagine any reporter asking Bess Truman those questions? Nor would they ask such things of President Ford, so why subject his wife to them?"

Somehow, some news persons—or those who purport to be "news reporters"—feel that anything under the sun that they care to ask any public figure is a proper question and deserves response.

Notice, for example, some of the almost insulting and inane questions thrust upon some public figures in a running news conference (seen on television of course) right after some specific occurrence of public import.

Open House At Jordan River Fish Hatchery

The Jordan River National Fish Hatchery is going to hold an open house on Saturday, September 27, 1975. The hours will be from 9:00 a.m. to 6:00 p.m. This is in recognition of the National Hunting and Fishing Day, which is being observed the same day. A guided tour and demonstration of feeding fish by machine will follow a short color slide presentation, showing hatchery operations. The slides will be shown at 9:00 a.m., 11:00 a.m., 1:00 p.m., 3:00 p.m. and 5:00 p.m. The fish will not be fed during the last guided tour, as they will have received their daily ration by that time.

The hatchery is located in Antrim County approximately three miles north of Alba and two miles west of U.S. 131. Entrance can also be gained from the Jordan River Road. The gate will be opened only during the open house.

Since the station went into production in September 1963, it has released 33,139,400 lake trout into the Great Lakes. Of this total number, over 24 million have been released into Lake Michigan.

A brush with crime, reputedly

Reputedly, my closet brush with organized crime occurred on a ferry boat to Mackinac Island on a June of 1974. My wife and I sat across from Anthony (Tony Jack) Giacalone and his wife. He's the guy Jimmie Hoffa was reportedly going to lunch with the day Hoffa disappeared.

"How do you know she's his wife?" my wife whispered. "Maybe she's his moll."

"Don't believe everything you read in the yellow press," I cautioned her. "Remember, the newspapers always say Giacalone is a REPUTED leader in the Mafia. This means they can't prove it and don't want to risk a lawsuit."

"I'll bet he hates newspapermen," she said.

"Why don't you jump overboard on the port side," I said. "That would attract Tony Jack's attention while I stroll innocently to the starboard and throw away this stupid badge that says I'm here to attend a convention of the Michigan Press Association."

She looked at the huge hole I'd ripped in my shirt, removing the badge. "It's too late," she said, "I know he saw it. I can tell by the way he is smiling at us. Richard Widmark smiled like that in 'Kiss of Death'."

"I'm not a bit worried," I said. "Widmark didn't smile, he giggled."

On the island dock, there was one horse-drawn carriage headed for the Grand Hotel. We shared it with the Giacalone. I stood near Tony Jack while a room clerk said he couldn't find the Giacalone reservation. Tony Jack insisted the reservation had

been made. The clerk said no. I saw Tony Jack's hand move swiftly toward the left inside of his jacket...

Tony Jack pulled out confirmation of his reservation. The mix-up was quickly resolved. The reservation had been misfiled because some dummy had spelled Giacalone with a J. I climbed back out of my garment bag and whispered to another clerk that I was with the Press convention. He said I had a big hole in my shirt.

In the dining room that night, I amused some friends with my theory of why Giacalone was on Mackinac Island. Ferry service stops at midnight and there is no way off the island until 7 a.m. "This place is a perfect alibi for any crime committed on the mainland after midnight. That's why Tony Jack caused a stir at the check-in desk. He probably mis-spelled his name on purpose when he made the original reservation. He wants people to remember him so he can prove he was marooned here while a big caper was going down in Detroit at 2 a.m. Someday I will probably be called as a witness to testify before a grand jury. If they ask why I was wearing a garment bag on the night in question, 'I'll take the fifth.'"

At this point my wife kicked my foot and furtively pointed behind me. I didn't need to turn around. Suddenly I knew she was telling me Giacalone was sitting at the next table.

"Is he giggling?" I whispered.

"Reputedly," she said.

I took my dessert to my room and ate it in the garment bag, reportedly.

FALL OF THE YEAR—The traditional time for school. Area police officers are no exception. In-service training has started under the sponsorship of Kirtland Community College. This program is a no-cost program for the departments involved.

Vahan Kapaglan, the new Law Enforcement In-Service Co-ordinator, for Kirtland Community College will be the instructor for the officers for the next nine months.

College credits are being given to the officers who successfully complete this course. Many officers within the area departments are working on Associate Degrees at Kirtland. The credits obtained from this course will be used toward that degree.

Harold A. Hatfield, Sheriff Crawford County, and Peter W. Stephan, Chief Grayling City Police Department, both agree that in this time of rising crime rates the need for trained officers is greater than ever before.

"Main Stream Musing"

In English, Please

(By Jaymee Seidel)

It's a funny language, and getting funnier all the time. Jargon abounds. You have to be a sociologist to understand "sociologese," an educator to understand "educatogese." Rock music stars have a language all their own, and it is spreading into use by the entire population. But about the time I remember that "heavy" means full of meaning or deeply philosophical and not "weighing a lot," the meaning of the word will probably change again. To be "hip" used to mean being in the know; then hippies came along and it wasn't complimentary any more.

You have to be a linguistics major to even do the grocery shopping these days. I was examining some hot dog buns in a store the other day when I noticed a sticker on the package. "This item," it said, "is lower in price because it is surplus and beyond code." Now, "surplus" I can dig. That means the busy little bakers made too many of them, but the Hot Line to Russia was busy so they have consented to offer them to me. But consider the phrase "beyond code." I thought I could identify with that, too. I myself am beyond code, or any myself, codes are beyond me. I can never break even the ones in Playmate magazine intended to be no great challenge to a 7-year-old.

But why would anyone be so heartless as to point out that these blobs of tasteless baked dough are beyond code? They can't help it. They aren't responsible, after all. The whole idea so outraged me that I put them back on the shelf. I think I was in aisle 8 before I realized that "beyond code" was code for "hard as a brick and about to break out in a rash of blue mold."

your week ahead BY DR. A.W. DAMIS

Forecast Period: September 29 to October 4

ARIES
Mar. 21-Apr. 19
Speaking of personality flaws, you Aries, must cope with a neurotic that's now walked on stage. Your ability to placate will be put to test.

TAURUS
Apr. 20-May 20
Here we go! It seems as though you will not leave "well enough" alone. You're prone to tamper with serious emotions...at the cost of your job, task or project.

GEMINI
May 21-June 20
An unusual interest in the woes of an associate, shows in your chart. For some reason or another, you'll be probing into affairs and areas that should not be disturbed.

MOONCHILD
June 21-July 22
It might not have occurred to you, but in the far dark corners of your mind...you've limited your circle of friends. Why? Think about it!

LEO
July 23-Aug. 22
Decisions based on hearsay are deadly, indeed. And speaking of "hearsay," most of your misinformation will pertain to a superior. Bluntly, don't cross swords with persons in authority.

VIRGO
Aug. 23-Sept. 22
Most members of your sign will be in sort of a twilight zone. Meaning? A series of events will find you feeling both happy and sad.

LIBRA
Sept. 23-Oct. 22
For no apparent reason, whatsoever, many members of your sign will feel out of sorts. The planet Neptune's influence pushes you into a mysterious mood. It'll pass, quickly.

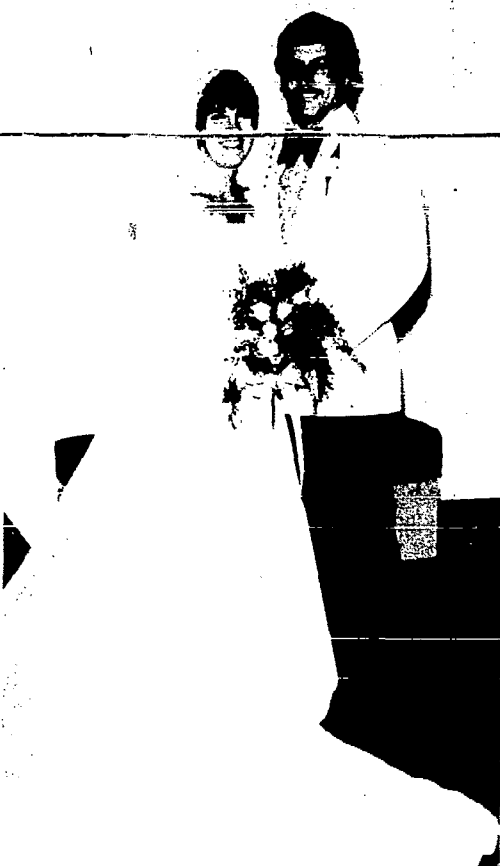

SCORPIO
Oct. 23-Nov. 21
It seems as though you are considering a serious, very serious, plan which, incidentally, is being opposed by a frivolous and light hearted person.

SAGITTARIUS
Nov. 22-Dec. 21
According to your chart, it would be a good idea to alter or reschedule social plans. Otherwise, you'll offend someone or trigger an embarrassing situation.

CAPRICORN
Dec. 22-Jan. 19
Being liberal with "good advice," seems to be your hang up, during this week's cosmic cycle. There's one problem, however. Your "advice" might provoke an associate.

AQUARIUS
Jan. 20-Feb. 18
This week, more than the remainder of the year—you must draw from past experience. Duplicating misjudgments and taking things for granted, could be costly.

PISCES
Feb. 19-Mar. 20
You might find difficulty in carrying out new plans related to your job, task or project. Apparently, undercurrents and the clandestine activities of an associate is harpooning your progress.

Diane Theresa Duley, daughter of Mr. and Mrs. James Duley, 607 Elm St., Grayling, became the bride of Dale Lee Papendick, son of Mr. and Mrs. LeRoy Papendick of 306 Park St., Grayling, on Saturday, August 30, at St. Mary's Church. Father Thomas Neis officiated at the three-thirty double ring ceremony. Church decorations consisted of baskets of yellow and white gladioli.

Traditional wedding processional and recessional music was presented by organist Mary Lee Decatur. Guitarists were Patricia Duley and Cathie Kowatch. Selections they presented during the ceremony were: "More," "The Lord's Prayer" and "Let Me Be There." They also presented several selections prior to the ceremony.

The bride was given in marriage by her father. She wore a floor length gown of white tulle overlaid with silk organza, featuring sheer wrist length sleeves, a scoop neck and tiny appliqued flowers. It was accented by a cathedral length train and a hooded veil of silk organza, edged with tiny flowers. She carried a bouquet of white roses and baby's breath with blue streamers.

Mrs. Mary Kay Hinkle, sister of the bride, was the matron of honor. Bridesmaids were Mrs. Carol Obriot of Big Rapids, Miss Brenda Goldammer of Traverse City and Miss Rosemary Corp of Lansing.

They wore floor length dresses of sea green floral print jersey with ruffled skirts and cape sleeves and carried cascade bouquets of light green Fuji mums and deep blue cornflowers.

David McClain of Grayling, cousin of the groom, served as best man. Groomsmen were

Michael Kucharek and Bruce Burkett, both of Grayling, and Raymond Basile of Livonia. Ushers were John Duley, brother of the bride, and Fred Hinkle, brother-in-law of the bride. All the groom's attendants wore light green tuxedos.

A buffet dinner and reception immediately followed the ceremony at the Officer's Club at Camp Grayling. About 225 guests were in attendance.

The bridal table was decorated with a centerpiece of blue and white mums and white tapers. The four-tiered wedding cake was beautifully decorated in green and white. Serving at the cake table were Mrs. Marcella Burkett and Patricia Duley.

For her daughter's wedding, Mrs. Duley chose a floor length dress of navy and green knit with a navy shawl and accessories. Mrs. Papendick chose a floor length navy knit dress accented with white trim and white accessories for the marriage of her son. Both mothers wore corsages of yellow roses.

For her going away attire, the bride wore a light blue pantsuit. Following a week's honeymoon trip to Toronto, Canada and Niagara Falls, the newlyweds are at home at 4615 N. Down River Rd., Grayling.

The new Mrs. Papendick is a graduate of Grayling High School and Ferris State College. Her husband graduated from Grayling High School, attended Kirtland Community College, and is currently a member of the Michigan National Guard.

Out of town guests present were from Allen Park, Bay City, Birmingham, Blanchard, Clio, Detroit, Gaylord, Grand Ledge, Grawn, Kalamazoo, Lansing, Livonia, Midland, Mt. Morris, Mt. Pleasant, New Era, Petoskey, Pinconning, Roscommon, Traverse City, Troy and Unionville.

The Face of Faith

Sometimes a face is striking. It isn't the sort of face you're accustomed to. It's a face you wouldn't have expected to see. But you have seen it! That's why you call it striking.

The Face of Faith is like that... The eyes seem lifted toward the hills, to a source of strength. The lips are firm

with a courage that rests neither on prowess nor weapons. The countenance shines with a joyous light—a light that seems to reflect some mystic Sun though the world around is cast in shadow and gloom.

I see the Face of Faith each Sunday—the face of a child—perhaps your child!

I am her Sunday School teacher and the joyous light of that striking face inspires me to seek more faithfully in the worship and work of my Church the help of God.

You are her parents. How that confident, expectant radiance must inspire you!

Dear Editor:

I understand that legislation has been introduced into the House of Representatives to return the drinking age in Michigan to 21.

May I urge that all concerned parents write and let their legislators (Bob Davis and Ralph Ostling) know their feelings in this matter.

We have seen an increase in teen-age drinking (even below 18 years) and an increase in teen-age alcoholism to the point where we should begin to take some corrective measures, through legislation, education and, of course, prayer.

Sincerely,
A concerned parent

MONNY, THE MONARCH BUTTERFLY—A butterfly emerged in Mrs. Yatch's Second grade class on September 19. Hans Haberman discovered the Monarch just as it was coming out of its chrysalis. The chrysalis was in our terrarium. We all went up to watch it puff out its wings. The wings were small and crumpled at first, then they grew. It was exciting to watch and it only took a few minutes for it to grow to full size. Eric Seidel brought a book to school that told the story of Monny, from a caterpillar to a butterfly - just like we saw it. Mr. Nunn came to take a picture. It was a special day.

RAYMOND - REEVES VOWS SPOKEN

The wedding of Elizabeth Sally Raymond and David John Reeves was held September 13 at Grace Episcopal Church, Traverse City. Reverend Thomas Stoll performed the ceremony before the family of the bride and groom.

Mrs. James Kinkade of Buffalo Grove, Illinois, was the maid of honor; the groom's brother, Frederick Reeves, of Portage, was the best man. The groom's parents, Mr. and Mrs. William Reeves of Kalamazoo and Lake Leelanau, hosted a dinner at the Holiday Inn following the ceremony.

The bride, a former Grayling resident, is employed in Traverse City by Roger Watson, attorney at law, and the groom is a graduate of Central Michigan University employed as a

junior high teacher by the Traverse City Public School System.

A reception was hosted the following day by the bride's sisters and their husbands, Mr. and Mrs. Kim Cook and Mr. and Mrs. Donald Roman, at the home of Mr. and Mrs. James E. Cook on Silver Lake. The bride's sisters are the former Peggy Raymond and Eily Raymond of Grayling.

The bride and groom are residing at their home on Lake Leelanau, Route #3, Box 492, Traverse City.

Bits O' Talk

Joyce Bonamie, formerly of Grayling, spent a week with her parents, Mr. and Mrs. C. E. Bonamie, Jr. at their home on Fletcher Rd.

Guests of Mrs. Jappe Smith at Lake Margrethe are Miss Beatrice McConnell and Miss Elizabeth Johnson of Washington, D.C. They arrived last Friday to spend 10 days.

Dr. and Mrs. Robert M. Williams of Grayling announce the birth of a son, Mark Andrew, at Munson Hospital, Traverse City, on September 11. Mark weighed 8 lbs. 3 ozs. at birth. His grandparents are Mr. and Mrs. H. W. Tompkins and Mr. and Mrs. Jim Walker, all of Nocona, Texas.

Save money in your attic this winter.

Insulate!

At the direction of the Michigan Public Service Commission, Michigan Consolidated is again offering a low-cost home ceiling insulation program designed to conserve Natural Gas and hold down heating costs.

Last year, nearly 42,400 Michigan Consolidated customers installed ceiling insulation, saving over one billion cubic feet of Natural Gas, and cut their home heating costs by up to 17%.

These results were gratifying indeed. Enough Natural Gas was conserved to heat over 7,600 additional homes this winter.

If you still haven't taken advantage of this easy, low-cost program, now's the time to act. Many homeowners can install insulation themselves for about \$125. Our free handbook

tells you how. Get your copy at any Michigan Consolidated Business Office, most building supply outlets or write or call us.

Or, we can have the job done for you by one of our participating subcontractors and add the cost to your monthly gas bills. The cost? About \$250 for homes with less than 1,000 sq. ft. of ceiling area. You can pay cash. Or, you can pay over an extended period at an interest rate of 1% monthly on the unpaid balance. (ANNUAL PERCENTAGE RATE OF 12%.)

So why not save money in your attic this winter with our low-cost ceiling insulation program? You'll be cutting your heating costs up to 17% and helping our country conserve its Natural Gas supplies, too.

Do You Have Eye Problems?

Talking Books and machines to play them are available to persons of failing and poor eyesight, from Michigan State Blind and Physically Handicapped Library at Lansing. However, local persons can be serviced through the Senior Citizens Center in Grayling. Information about this program can be obtained by calling 348-9314.

Talking books are actual books, read and recorded on various speed records. The machines are simple record players. Both are available free. Books of fiction, non-fiction, adventures, political stories and children's books are available. Books can be mailed directly to you from Lansing or you may have picked up and delivered to you from the Senior Center.

On the afternoon of October 22nd, there will be a pre-workshop meeting for blind persons and those with poor and failing eyesight in our Senior Center at Grayling. If interest is shown, future workshops will be held to help us compensate for failing eyesight.

Speakers at the October 22nd meeting will be from Michigan Association of Blind and a rehabilitation counselor from Michigan Division of Blind Services. Put this date—October 22nd—on your calendar and join us to help us bring this special education to Grayling. It may help us to live with our eye problems a little easier. Persons who cannot attend an afternoon meeting should call 348-9314 and tell us what time of day you could come. There is no age limit. If your eyes are failing, come and meet with us.

Jack Pine's Stump

For some strange reason this rainy Sunday, I am in an amazingly good mood - something very rare. Football, my favorite TV sport, is coming in poorly on the boob tube, so I've turned on the radio set, a stereo, and music is coming from the transistor carriage.

Unusual happening, since I rarely manage to get the darned set balanced properly. I guess you gotta be a teen-ager to accomplish that, and I can't even remember my teen-age years. I wish I could recall those days, as I remember, I had a helluva lot of fun. But maybe I shouldn't recall them anyway; there's a whole bunch of people who might come looking for me, and violence at my age is not one of my happier callings.

better believe I had some problems. Big ones. But I got out of my problems, with a considerable amount of fast talking, mostly by explaining that Jack is a nick-name for John. It's surprising, however, how many people don't know that. Especially some kinds of cops.

I mentioned above the subject of football. Well, that was because I was happy that Missouri came from behind to whip Illinois. I don't know a whole lot about Missouri, but I do know that I haven't got a lot of respect for our neighbor State of Illinois, possibly because of recent indictments of high State officials, but mainly because of Big Power Wheel, Mayor James Daley of Chicago. That man has a lot to answer for, in the opinion of my little rural column. I regret that I have taken out my resentment on The University of Illinois football team; it's a fine team, well coached, and I hope it has an excellent season - except against Michigan State, of course. (That's where I got what little education I possess.) But sure hope that the Illini will upset the University of Michigan.

I guess that all I can say is that if you find a guy avoiding U. of M. Alumni and watching a football game is probably hiding somewhere in the community named JACK PINE

Exchange Student From Chile

[By Kurt Larson]

Chilean life is similar yet different from life in the United States according to Gonzalo Aracibia, a Youth for Understanding exchange student who is staying with the Charles Fick family of Grayling.

Gonzalo, 16, and a junior at GHS, arrived August 27 following a one day plane trip from his home city of Santiago, Chile.

Grayling life is considerably different from Gonzalo's life in the suburb of Chile's capital with over four million inhabitants, compared to Grayling's 2,500 residents.

His father is a pharmacist and owns two drugstores in the city. His mother, a nutritional researcher, has been to the U.S. to attend a professional conference in Baltimore. Gonzalo is the second of five children, with one older brother, 17 and three younger sisters, aged 15, 14, and 11. The Aracibia family lives on an estate on a hillside outside of Santiago. They grow some of their own fruit in an orchard planted by their grandfather. They also own a beach house on the Pacific Ocean, about a two hour car ride from Santiago.

Since he was four years old, Gonzalo has attended a private school near his home. It is scientifically oriented with emphasis on math, physics, and chemistry. Although Spanish is the native language of Chile, courses are taught entirely in French. The school's French influence is seen in everything from academics to athletics. The course work is highly college preparatory, for 90 per cent go on to college upon completion of 12 years of schooling.

Students must wear a uniform, which for the boys is a white shirt, gray pants, blue socks, and a jacket. Long hair in the school is expressly forbidden and few liberties exist for students. The student-teacher relation is more formal in Chilean schools than at GHS, according to Gonzalo. He also said that his teachers would be "astonished" if they saw the liberties granted to GHS students. His school also has the modular college - type block scheduling, found at Grayling.

Due to the French coaching influence, the sport of skiing is a mandatory requirement in the fourth, fifth and sixth grades. After sixth grade, participation is optional, and the school has a racing team, like Grayling's. Santiago's location at the foot of the Andes Mountains is similar to that of Denver, Co. The members travel for one hour

to the Lagunillas ski resort for two weeks of French ski instruction. Because of his interest in the sport, Gonzalo has traveled to Portillo, Chile, to race on weekends. Portillo is the place where the U.S. ski team holds its summer training sessions. Gonzalo also plays soccer, tennis and ping-pong. He just recently became interested in the moto-cross motorcycle craze in Chile, and joined a club about five months ago. He owns a Bultaco bike.

Prices are quite different in Chile also. A coke is only nine cents, a good record album about \$3.00, clothes are much cheaper. Technical and manufactured goods are expensive though.

En route to the United States, Gonzalo was the only member of the Youth for Understanding program who did not know his destination or American family. He found out when he landed in Traverse City, where Mr. and Mrs. Fick met him.

Gonzalo says he has been impressed with the United States. He likes the attitude of the people.

**Gaylord Ends Vike JV's
15 Game Winning Streak**

The Viking JV's 15 game

home winning streak came to an

abrupt halt last Thursday evening

when their counterparts

from Gaylord handed them a

39-0 defeat.

The young Vikes ran into an

excellent Blue Devil squad who

took advantage of 3 Grayling

turnovers, and a disputed of-

ficials call to erupt for a 25-0

first quarter lead that stunned

the local gridgers.

It was a night of frustration

for the young Vikes, but even

though out played, they kept

plugging away, and never really

gave up.

The passing of Mark Golinick

to Hanker Chris Austin, 6 of 9

completions for 47 yards, was

one of the few bright spots of

the evening.

Golinick, Bill Hartig, Bill

O'Mara and David Lepsy turned

in good defensive efforts.

Coaches Chuck Mires and

Dave Ferguson stated, it will

now be a test of the team's

fortitude to see if they will

rebound into their winning ways

this Thursday when they travel

to Charlevoix for a 6-30 contest.
